VI. Judicial work of the Tribunal

A. *Case concerning the Conservation and Sustainable Exploitation of Swordfish Stocks in the South-Eastern Pacific Ocean (Chile/European Union)*

31. Following an agreement between Chile and the European Community, the Tribunal, by Order dated 20 December 2000, formed a Special Chamber to deal with a dispute between Chile and the European Community concerning the conservation and sustainable exploitation of swordfish stocks. By the same Order, the Tribunal fixed the time limits for the filing of preliminary objections and of the written pleadings.

32. On 9 March 2001, the parties informed the President of the Special Chamber that they had reached a provisional arrangement concerning the dispute and requested that the proceedings before the Chamber be suspended. By Order of 15 March 2001, the President of the Special Chamber extended the time limit of 90 days for the making of preliminary objections so that it would commence from 1 January 2004. In 2003, the parties renewed their request to suspend proceedings. By Order of 16 December 2003, the President of the Special Chamber extended the time limit fixed for the submission of preliminary objections to 1 January 2006.

33. Further to new requests from the parties, by Orders of 29 December 2005 and 30 November 2007, the Special Chamber extended the time limits for making preliminary objections such that they commenced from 1 January 2008 and 1 January 2009, respectively.

34. By letters dated 20 October 2008 and 23 October 2008, respectively, the European Community and Chile informed the Special Chamber that they had agreed on a draft text of a new "Understanding Concerning the Conservation of Swordfish

Stocks in the South-Eastern Pacific Ocean". On that basis, the parties requested that the time limits for the proceedings before the Special Chamber continue to be suspended for at least one further year starting from 1 January 2009. Further to the request of the parties, by Order dated 11 December 2008, the Special Chamber extended the time limit for making preliminary objections until 1 January 2010 and maintained the rights of the parties to revive the proceedings at any time.

35. The European Community, by a letter dated 13 October 2009, and Chile, by an e-mail of 25 November 2009, informed the Special Chamber that the parties had held bilateral consultations on 5 and 6 October 2009 and had agreed to report to the Special Chamber the following:

Both the European Community and Chile are committed to the signature, ratification or approval, and implementation of and compliance with the Understanding agreed between negotiators for both Parties on 16 October 2008. As a consequence, in accordance with the provisions of the said Understanding, Parties will not seek a further extension of the suspension of the Proceedings of Case No. 7, but will request the Special Chamber to issue an order for discontinuance of the case. The Parties are ready to provide the Special Chamber with further particulars on the occasion of the forthcoming consultations between the President of the Special Chamber and the Agents of the Parties.

In response to a request made by the Special Chamber on 30 November 2009, the agents of the parties provided additional information in a joint communication dated 15 December 2009. The European Community and Chile informed the Special Chamber that they are committed to the signature, ratification or approval and implementation of, and compliance with, the new understanding agreed between negotiators for both parties on 16 October 2008. The terms of the settlement agreed between negotiators comprise the following elements:

(a) A more structured framework of fisheries cooperation to replace and transform the 2001 bilateral provisional arrangement into a definitive commitment to cooperate for the long-term conservation and management of the swordfish stocks in the South-Eastern Pacific;

(b) Conducting their respective swordfish fisheries to catch levels commensurate with the objective of ensuring the sustainability of these resources as well as safeguarding the marine ecosystem;

(c) Freezing of the fishing effort by both parties at the 2008 level or at the maximum historical peak;

(d) Establishment of a bilateral scientific and technical committee with the following tasks: exchange of information and data on catch and fishing effort, as well as on stock status; providing scientifically based advice to fisheries stocks managers to assist them in ensuring the sustainability of the fishing activities of both parties; advising parties on the adoption of further conservation measures if needed;

(e) The multilateral consultation currently in place should include all the relevant participants in the South-Eastern Pacific Ocean swordfish fishery and invited observers from existing organizations with a legitimate interest in the swordfish fishery;

(f) Agreement that European Community vessels fishing for swordfish in the high seas in accordance with the objectives contained in the new understanding shall be granted access to designated Chilean ports for landings, trans-shipments, replenishing or repairs. As a consequence, in accordance with the provisions of the said understanding, parties request that the Special Chamber issue an Order for discontinuance of Case No. 7 (*Case concerning the Conservation and Sustainable Exploitation of Swordfish Stocks in the South-Eastern Pacific Ocean (Chile/European Community)*).

36. The European Commission, by its letter dated 7 December 2009, informed the President of the Special Chamber that since the entry into force on 1 December 2009 of the Treaty of Lisbon amending the Treaty establishing the European Union and the Treaty establishing the European Community, the European Union had replaced and succeeded the European Community and that consequently from 1 December 2009 the European Union had begun to exercise all rights and to assume all obligations of the European Community. The Agent of Chile expressed no objection to treating the European Union as a party to the case in place of the European Community.

37. The Special Chamber met on 15 and 16 December 2009 in order to consider the request. Following deliberation, the Chamber, at a sitting held on 16 December 2009, adopted an Order by means of which it placed on record the discontinuance, by agreement of the parties, of the proceedings initiated on 20 December 2000 by Chile and the European Union, and ordered that the case be removed from the list of cases.

B. *Dispute concerning delimitation of the maritime boundary between Bangladesh and Myanmar in the Bay of Bengal (Bangladesh/Myanmar)*

38. On 14 December 2009, proceedings were instituted before the Tribunal in relation to the delimitation of the maritime boundary in the Bay of Bengal between Bangladesh and Myanmar. It may be recalled that the dispute between the two countries had initially been submitted to an arbitral tribunal to be constituted under annex VII to the Convention, through a notification dated 8 October 2009, made by Bangladesh to Myanmar.

39. In a letter dated 13 December 2009 addressed to the President of the Tribunal, the Minister for Foreign Affairs of Bangladesh referred to the declaration issued by Myanmar on 4 November 2009 by which Myanmar “accepts the jurisdiction of the International Tribunal for the Law of the Sea for the settlement of dispute between the Union of Myanmar and the People’s Republic of Bangladesh relating to the delimitation of maritime boundary between the two countries in the Bay of Bengal” and transmitted to the Tribunal a declaration by Bangladesh dated 12 December 2009 by which Bangladesh “accepts the jurisdiction of the International Tribunal for the Law of the Sea for the settlement of the dispute between the People’s Republic of Bangladesh and the Union of Myanmar relating to the delimitation of their maritime boundary in the Bay of Bengal”.

40. On the basis of these declarations, the Minister for Foreign Affairs of Bangladesh, in her letter dated 13 December 2009, stated that “[g]iven Bangladesh’s

and Myanmar's mutual consent to the jurisdiction of the International Tribunal for the Law of the Sea, and in accordance with the provisions of article 287 (4) of the United Nations Convention on the Law of the Sea, Bangladesh considers that your distinguished Tribunal is now the only forum for the resolution of the parties' dispute". In her letter, the Minister for Foreign Affairs of Bangladesh further stated that "Bangladesh respectfully invites the International Tribunal for the Law of the Sea to exercise jurisdiction over the maritime boundary dispute between Bangladesh and Myanmar, which is the subject of Bangladesh's 8 October 2009 statement of claim".

41. In the light of the agreement of the parties, as expressed through their respective declarations, to submit to the Tribunal their dispute relating to the delimitation of their maritime boundary in the Bay of Bengal, and taking into account the invitation addressed to the Tribunal by Bangladesh "to exercise jurisdiction" over said dispute, the case has been entered in the list of cases of the Tribunal as case No. 16.

VII. Legal matters

42. During the period under review, the Tribunal devoted part of its two sessions to the consideration of legal and judicial matters. In this respect, the Tribunal examined various legal issues of relevance to its jurisdiction, Rules and judicial procedures. posting of a bond when the vessel has been detained for alleged pollution offences (see article 220, paragraphs 6 and 7, and article 226, paragraph 1 (b) and (c) of the Convention).

3. Matters relating to the jurisdiction of the Tribunal

45. During the twenty-eighth session, on the basis of a document prepared by the Registry, the Tribunal considered questions concerning the jurisdiction of the Tribunal and the interpretation of article 20 of the Statute, article 287 of the Convention, and article 138 of the Rules.

B. Chambers

In 2007, the Nippon Foundation provided a grant for funding the participation of five fellows in a capacity-building and training programme on dispute settlement under the Convention. Trust funds have been established by the Registrar for the purposes of these grants pursuant to regulation 6.5 of the Financial Regulations of the Tribunal.

84. At its twenty-eighth session, the Tribunal gave further consideration to a proposal for the establishment of “a trust fund for training in law of the sea and

maritime fields”. The object of the fund is to give financial assistance for participation in the Tribunal’s internship programme and the summer academy to applicants from developing countries as identified on the list published by the Organization for Economic Cooperation and Development as well as to cover expenses incurred with respect to the implementation of the programme. Following consideration of the matter, the Tribunal adopted the terms of reference of the fund and authorized the Registrar to establish a “Trust fund for the law of the sea”, pursuant to article 6.5 of the Financial Regulations of the Tribunal. It will be noted that, pursuant to the Statute, contributions to the fund may be made by States, intergovernmental institutions and organizations, international financial institutions, national institutions, non-governmental organizations and natural or juridical persons.

88. Temporary personnel were recruited to assist the Tribunal during its twenty-seventh and twenty-eighth sessions.

89. The Registry consists of 37 staff members, of whom 17 are in the Professional and higher categories. The recruitment of staff members in the Professional category, excluding language staff, is subject to the principle of equitable geographical distribution in accordance with regulation 4.2 of the Staff Regulations. This regulation provides that:

The paramount consideration in the appointment, transfer or promotion of the staff shall be the necessity for securing the highest standards of efficiency, competence and integrity. Due regard shall be paid to the importance of recruiting the staff on as wide a geographical basis as possible.

Taking into account the small number of staff in the Registry of the Tribunal, a flexible regional approach has been followed in this regard.

90. The Tribunal has taken steps to ensure that vacancy announcements are disseminated in order to recruit staff on as wide a geographical basis as possible. The information on vacancies is transmitted to the embassies of the States parties to the Convention in Berlin and to the permanent missions in New York. The information is also posted on the Tribunal's website and published in the press.

91. Since the last Meeting of States Parties in June 2009, the Tribunal has recruited a staff member for the post of Head of Budget and Finance (P-4). The staff member is from Honduras.

92. The Tribunal applies, *mutatis mutandis*, the recruitment procedures followed by the United Nations. In accordance with those procedures, geographical distribution does not apply to the recruitment of General Service staff of the Tribunal. However, the Tribunal has also made efforts to recruit General Service staff on as wide a geographical basis as possible.

C. Staff pension committee

93. Further to the proposal of the Tribunal, the sixteenth Meeting of States Parties decided that a staff pension committee should be established with the following composition: (a) one member and one alternate member to be chosen by the Meeting for a term of office of two years; (b) one member and one alternate member to be appointed by the Registrar for a term of office of two years; and (c) one member and one alternate member to be elected by the staff for a term of office of two years. In 2009, participants attended lectures on topical issues related to the law of the sea and maritime law and training courses on negotiation and delimitation. They also visited institutions working in the fields of law of the sea, maritime law and settlement of disputes, including the United Nations, the International Maritime Organization, the International Court of Justice and the International Oil Pollution Compensation Funds. At the same time, participants carried out individual research on selected topics.
